Coronavirus Steps and Precautions

As we continue to receive updates on the growing cases of Coronavirus in our community, we'd like to share what our organization is doing to prepare for any possibility of exposure. Even though we are a small organization, we should be aware of and follow the guidelines recommended by the CDC in order to protect our staff, volunteer workforce, and the public.

We have a new precaution in place:

****Starting immediately anyone who is sick should not come to facility. Anyone at the facility that shows signs of illness will be asked to leave.****

A reminder on the restrictions we have already put into place:
If you have traveled in or through any of the high risk locations - China, Iran, Hong Kong, Italy and South Korea - a 14 day personal quarantine is REQUIRED.
If you have traveled or are traveling in or through one of the high risk locations, please notify Shelby as soon as possible so that we can make arrangements to cover your shift(s).

General reminders to support all of us staying healthy:
If you are sick, stay home.
Wash your hands frequently.
Practice good respiratory/cough hygiene.
Seek medical care early if you have flu like symptoms and have traveled or been in contact with anyone who has traveled in the high risk countries.
Stay informed. Information is changing frequently. Sources of info include:
